Hello Gabe,

Ideally a 30 yard bin would be best but I think it's too tall for the skid steer to dump in. If you have something more flat but good capacity that would be great.

We will be onsite and ready to go by 730 to meet your teams.

Hi Brenda,

How many dumpster bins are you requesting to be placed at the location on the 18th? Our teams can be on site by 7:30a on the 19th & 20th, let me know if that works for you.

Thanks

Hi Domingo, Gabe and Dani,

Just checking in on this request to see if additional sanitation resources are available. Also checking to see what time Care teams can start.

Please let me know so we can schedule accordingly.

Thank you
B

Thanks LT.

Looping in Dani from Sanitation as well to help coordinate the efforts with Sanitation. I hope to hear back from Sanitation soon.

Subject: Next weeks 405/Oxnard cleanup

Hello Everyone,

I wanted to get the key players on a thread to coordinate this cleanup at 405/oxnard lot for Tuesday the19th. CD4 has graciously allowed us to allocate the Care Team resources and Mayor's team is helping with hygiene trailers, we will dedicate all of our resources from RAP as well. There are approximately 71 cubic yards of trash and various hazards like propane tanks onsite. There are about 16 different tents or small structures and several vehicles and an RV that LAPD is already in the midst of removing.

LAHSA/Janet I sent you a separate thread to update our council office and public information officers on the outreach your team has been conducting so they have data to share with their constituents and media as needed. Thank you for starting early on this outreach that has been very helpful!

Domingo/Gabe I wanted to ask you specifically if it would be possible to bring some bins or roll off dumpsters that we can stage on the 18th? I also wanted to know what time your teams can start on the 19th and 20th so that we can tackle this cleanup? We will bring three yard trucks and a skid steer as well.

If you'd like to have a call regarding this cleanup I'm happy to set one up, I will be in the UHRC as well tomorrow and can check in with everyone.
